

VIJAY DASHRATH WALUNJ

Product Analyst | Project Manager

Boston, MA | +1 (857) 506-4812 | Walunj.v@northeastern.edu | [linkedin.com/in/vijay-walunj](https://www.linkedin.com/in/vijay-walunj)

SUMMARY

Product analyst and technical program manager with 3 years across B2B SaaS and retail operations tech, specializing in data analytics (SQL/Python), conversion optimization, and AI prototyping. Preventing \$180K in annual churn, drove 2.8x activation conversion, and raised supplier reliability from 78% to 92%. Certified Scrum Product Owner who builds prototypes, drafts PRDs, and automates workflows with Claude, Cursor, and LLM APIs. M.S. in Project Management, Northeastern University.

PROFESSIONAL EXPERIENCE

Technical Program Manager Intern, Operations Technology

Jan 2026 – Jul 2026

FMJR Wollaston's Market (Retail) | Boston, MA

- Raised supplier on-time reliability from 78% to 92% across 8 core vendors by designing a KPI scorecard and running bi-weekly performance reviews with operations leadership
- Reduced stockouts by 20% across 2,500+ SKUs and cut weekly planning time from 10 hours to 3 by authoring functional specifications for an automated inventory management system
- Identified \$27K in projected annual savings through ROI modeling and trade-off analysis of workforce vs. inventory tooling, steering roadmap priorities
- Defined data integration requirements across 3 legacy warehouse and POS systems, unifying daily inventory tracking into a single source of truth
- Accelerated project cycle time 30% by leading sprint planning, backlog grooming, and retrospectives in Jira for a 6-person engineering team

Product Analyst

Feb 2023 – Jul 2024

Great Place to Work With (B2B HR SaaS, Series A) | Mumbai, India

- Prevented \$180K in annual churn by leading product-side resolution for high-risk accounts, lifting client account utilization 40%
- Led requirements for an ML churn-prediction model covering \$2M+ ARR, unifying 5 data sources (CRM, product telemetry, support, billing, CSAT) at 78% accuracy
- Lifted onboarding completion 18% and captured \$50K+ in expansion ARR by using SQL funnel analysis to find a 35% drop-off step and specifying redesigned UX workflows
- Cut support resolution time 25% and raised CSAT 15 points by analyzing 2,000+ tickets in Python and prioritizing fixes for root causes driving 30% of volume
- Delivered 11 of 12 quarterly roadmap initiatives on time by aligning 8 cross-functional leaders through ICE prioritization
- Reduced user task completion time by 25% by synthesizing discovery interviews with 36 HR practitioners into Confluence PRDs and UX specs

Product Analyst Intern

Feb 2022 – Jan 2023

Sparkplus Technologies | Remote

- Achieved 2.8x activation conversion by designing and analyzing 15+ A/B experiments in Python (Pandas); winning variants became core product features
- Shaped roadmap and GTM strategy for 2 product launches through competitive benchmarking across 8 market competitors

PROJECTS & LEADERSHIP

Husky Connect – AI Mentorship Platform | Product Hackathon Winner (1st of 40+ Teams)

Sep 2025 – Dec 2025

- Built an AI matching engine with the Claude API and Python, matching 120+ students with industry mentors; reached 85% match satisfaction and 60% repeat engagement over 3 iterations
- Produced a demo-ready product package: full PRD, Claude prompt pipeline, and interactive Figma prototype

Smart Assist AI – Accessibility Layer for Coursera | Academic Capstone

Jan 2025 – May 2025

- Increased task completion speed 45% in usability testing with 12 neurodivergent users by automating context summarization with LLM prompts and adaptive pacing

Executive Vice President, Aspiring Product Managers Club – Northeastern University

Sep 2024 – Aug 2026

- Led Protothon 7.0 and Product Conference 2026, directing 15 students leads to draw 350+ attendees and 12 industry product speakers

EDUCATION

Northeastern University – M.S., Project Management | Boston, MA

Sep 2024 – Dec 2026

Relevant Coursework: Data Analytics for Decision Making, Product Lifecycle Management, Risk Management, Agile SDLC

University of Mumbai – B.E., Mechanical Engineering | Mumbai, India

SKILLS & CERTIFICATIONS

Product & Delivery: PRDs, roadmaps, RICE/ICE prioritization, customer discovery, A/B testing, funnel optimization, competitive benchmarking, GTM, Agile/Scrum, Jira, Confluence

Data & AI: SQL, Python (Pandas), GA4, Amplitude, Claude API, prompt engineering, Cursor, ChatGPT, Figma

Certifications: Certified Scrum Product Owner (CSPO), Google Data Analytics Professional Certificate
